## Restorative Practice Workshop April 2024

Invitation to participate in a residential workshop in April 2024, prior to the international Restorative Practice conference in Canberra, November 2024.

This workshop is an opportunity for practitioners to share stories and experiences, enable practitioners to explore the issues facing Australia at this time, and discuss how restorative practices can make a difference.

The agenda will be co-created at the start of the first day. Each person is offered a timeslot of about 45-90mins to host a conversation that is important to them and to share their experiences. Some of the insights from this workshop can be taken to the International RP conference in Canberra.

### Costs

To facilitate practitioners attending the workshop, the NED Foundation will underwrite the workshop, therefore charging a nominal full fee of \$250, and offering subsidies where applicable.

### Registration

Registrations will open on 1 Feb 2024.

A participant's workshop kit has been adapted from our standard SDN workshops, and will be included as an attachment with the registration acknowledgement email.

Visit <https://restorative.org.au/landing/restorative-practice-workshop-april-2024> for further information and registration when open.
